

## Hotel Salary Averages and Ann Arbor Median Income

According to the Washtenaw County Community Development Department, the median income for an individual in 2010 for the Ann Arbor area is \$59,600, while individuals earning between 75-80% of the median (\$44,800) are considered to be low-income.

([http://www.ewashtenaw.org/government/departments/community\\_development/plans\\_reports\\_data](http://www.ewashtenaw.org/government/departments/community_development/plans_reports_data)).

This table of median salaries for hotel workers is derived from Salary.com. The second and third columns compare the salary for each position with the Ann Arbor median and low income salary levels. Note that the salaries for most positions are below median income for the area, and many are below the low-income mark.

Job	Median salary 2010	Dif med inc.	Dif low inc.
